Fitzgerald was followed by the devotion of thirteen hours' adoration of the Blessed Sacrament. Solemn benediction and ar address by Reverend B. H. Skahill M.A., professor of Latin at Columbia college, concluded the ceremonies at 8 p. m.

Calla lillies. Talisman, Premier and Ophelia roses, together with tall white tapers and amber vigil lights, adorned the beautiful white marble altar, prepared as a throne for the exposition of the most Blessed Sacrament.

Students Wear College Colors

To a processional played on the organ, with a violin obligato, the seniors and juniors wearing caps and gowns and college colors of gold, purple and white preceded the sophomores and freshmen attired in white as they entered the college chapel for the high Mass. A Mass in honor of St. Catherine by Becker and a hymn in honor of St. Joseph by Sister Mary Denis, B.V.M., was sung by the college choir, and the Pange Lingua during solemn benediction by the choral club.

Father Skabill Speaks

"Christ's presence on our altars increases our hope of eternal blessedness, it brings us consolation and weakens the attacks of temptations upon us," said Father Skahill.

"This world appears empty and vain and incomplete to a man who has a spiritual nature. If it were not for the hope of an eternal destmy life with all its trials and disillusionments would be intolerable.'

"This world is accustomed to treat its inhabitants harshly. Many hopes are unfulfilled,—dreams are only dreamed. Friends are often unsympathetic; cares and responsibility bring in their train sorrows and trials." The speaker then pointed out the ally to whom we may turn 'God's graces are all around us, offered to us through the medium of the Blessed Sacrament of the altar."

Priests Chant Litany

The singing of the litany of the saints and solemn benediction of the Blessed Sacrament followed the address. Reverend A. R. Thier, D. C. L., vice-president of Columbia college, acted as celebrant; Reverend

DUBUQUE ALUMNAE **MEET AT COLLEGE**

College Chapel; Mgr. Conry Heard

"Love is the greatest thing earth. Though a small word it is the most important in our vocabulary. with the exception of that other little word-God! Love is the most powerful, the most far-reaching in its effects—both for good and evil." said Monsignor Thomas Conry Sunday to the alumnae of the Dubuque Clarke club assembled in the Sacred Heart chapel at Clarke College for their annual reunion Mass.

"Back in your old home which you used to call "The Mount' you, no doubt, feel—to quote the words of the apostle Peter, 'that it is good for us to be here'". continued Monsignor Conry, former college chap-lain. "You came back to renew your old associations, to obtain new inspiration, and to consecrate yourselves again to service."

"'This is the will of God-your sanctification.' Sanctification is summed up in one word—love! Love is the greatest thing in the world, the most powerful, and the most far-reaching in its effects for good and Love is the root of all good and of all evil", continued the speaker.

Monsignor Coury took his listen-ers, in spirit, to penal institutions. If the question: "Why are you here?" were asked of the individuals under punishment the answer in each case would be: "I am here because of love." Sometimes it would be because of excessive love, or a distorted love and again because of a defective love or a love of superiority. Likewise he pictured a home where virtue and happiness reigned. Here happiness is founded on love. But this love is based on sacrifice and on the word of God,

Monsignor Conry explained the difference between love manifested by emotion and love based on reason, showing that the latter is the love required by the commandments. "With our reason we judge God to be the supreme factor in our lives. Knowing that He is our God, our Creator, our Redeemer we resolve with a love centered in reason that He shall have a supreme place in our hearts."

At a business meeting, following the breakfast served in Mount St. Joseph dining hall, the following oficers were elected:

President—Miss Mary Miller. First vice president—Mrs. Thoma-

I read with interest your treatisen on the malady known as "Spring Fev. P, er" and its harrowing effects. I would like to know if it is possible to infect the teaching staff with the glorious disease, and if advantageous results can be obtained?

Editorial comment, kindly or otherwise, on the possibility (or desirability) of such attempts would assuredly visit the editor with a malady more dangerous than spring lady more dangerous than spring fever. Perhaps another will vouchia safe answer, to your question, from behind the defence of anonymity.
